WORK EXPERIENCE

JAVA SCRIPT DEVELOPER

Sabre Corp. Sep 2015 - Present

I am responsible for preparing platform for Sabre customers using technologies like: #JavaScript, #Backbone, #HTML5, #CSS3, #JAVA,

FRONT-END DEVELOPER

Teradata Corp. Nov 2012 - Aug 2015

I am responsible for creating pages for large european companies using technologies like: #HTML5, #CSS3, #JAVA, #JavaScript, #jQuery. Additionally I'm preparing responsive emails for our customers. Every day I use English to contact with team members in Munich and project managers around the world.

FRONT-END DEVELOPER

Web Service May 2012 - Nov 2012

I worked on the Front End layer for .NET, Zend and Clojure applications using technologies like #HTML5, #CSS3, #jQuery, #JavaScript, #Git.

FREELANCER

disparo.pl Jan 2011 - May 2012

While freelancing I worked on webpages for my customers. I made #graphic projects for leaflets, business cards etc. Additionally, I cooperated with gr8it.pl agency in creating web pages. We built pages in #HTML/CSS/JS and as backend I worked on scripts that used #PHP and #MySQL databases.

FRONT-END DEVELOPER

ArtledNetork Jan 2011 - May 2012

In this company we built a web application to remotely manage LED billboards. I was responsible for the #Front-End layer in #JAVA web application.

FRONT-END DEVELOPER

Indexo Dec 2009 - Dec 2010

While working in this company I built 2 online courses in #Flash/ActionScript language. Additionally I was responsible for Front-End layer in web pages for customers using HTML/CSS/jQuery/JS
